Exploring Your Options

NEW

School A

School B

School C

Exploring Your Options

You would have started exploring options for a secondary school. Remember that you can consider these factors with trusted adults as you continue to explore your options.

01

School Culture

What is the school's culture and identity?

02

Learning Environment

How do I feel about the school based on what I experienced at the Open House or read about on the school's website/ SchoolFinder?

03

Programmes

Does the school have programmes I would enjoy?
(E.g. I am interested in coding, so I hope to find a school which offers it as their Applied Learning Programme.)

04

CCAs

Are there CCAs that interest me and can nurture my strengths?

05

Location

How long will it take for me to travel to school and back home?

Exploring Your Options

There are resources that can help you find the right school for you. One example would be the SchoolFinder.

What if I didn't do as well as I expected?

Don't worry ! There will always be a school which can develop our interests, skills and strengths!

We can use the SchoolFinder to find out more about the secondary schools near me.

Explore the SchoolFinder

Find schools that are near you and have CCAs and programmes you like. Visit the school website to find out more!

<https://go.gov.sg/explore-schoolfinder>

**SCHOOL
FINDER**

Use SchoolFinder to explore schools that meet your needs.

FIND SCHOOLS

Exploring Your Options

Another example would be the MySkillsFuture Student Portal.

Our Form Teacher showed us how to use the MySkillsFuture Student Portal to look for schools with programmes that interest us...Do you remember how to use it?

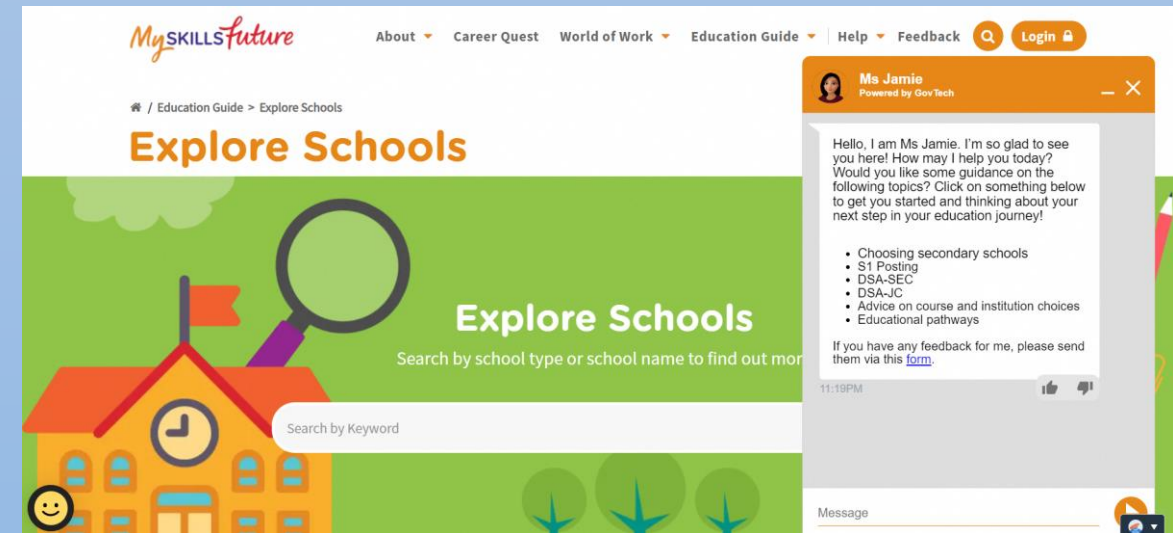

We can even use it to compare different secondary schools! Let me show you how!

Access the MySkillsFuture Student Portal

Explore schools in the *Education Guide* feature and seek advice on education choices from Ms Jamie.

<https://go.gov.sg/exploreschools>

Exploring Your Options

You can learn more about the school's culture and learning environment when you visit secondary schools' open houses.

Wow! The dates of all the schools' open houses can be found in this Schoolbag article!

What's next for
me...?

How should you submit your school choices after you receive your PSLE results?

- Use all **6 options with a range of cut-off points** (COPs) as choice order of schools will affect your school posting.
- **Take reference from schools' PSLE score ranges from the previous year** via SchoolFinder or MySkillsFuture Student Portal.
- You are **strongly encouraged to include at least 2 to 3 schools where your PSLE score is better than the school's previous year's COP.**
 - Note that **actual COPs** of schools can **vary year on year.**
 - Do take into account that **if you just meet the COP of a school**, it also **means that majority of the students in that school have better PSLE score than you.**
 - **Rank your preferred school higher in the choice order of schools**, to increase your chances of being posted to that school, especially in tie-breaking situation.

In choosing secondary schools, it is not about getting into the most popular school but the school that can develop your strengths, interests, abilities and talents.

What's Next

- You will be given the 'What's Next' brochure when you receive your results.
- 'What's Next' can also help you find schools that match your needs, strengths, interests and abilities.

Hmm, what should I do before I make a decision?

You can reflect on the questions in this "What's Next" brochure.

Secondary School Experience and Post-Secondary Pathways Under Full SBB

From 2024, there will no longer be different academic streams in secondary school. Instead, from Secondary One, you will have greater flexibility to take subjects at different levels, eg. G1, G2 or G3, which suit your strengths, interests and learning needs. Along the way, your teachers will guide you to make adjustments based on your learning pace. At the end of Secondary Four, all students will take the Singapore-Cambridge Secondary Education Certificate examinations. There will be more flexibility and more options for your post-secondary pathways, and many more opportunities for you to excel in the pathway you choose. The future is yours to make!
