school calendar

For parents requiring full-day service, we offer Kindergarten Care (KCare).

MK Curriculum

Designed by MOE curriculum specialists and educators with knowledge and experience in early childhood education and primary school curriculum

Centred on our **belief** that children are **joyful, curious, active and competent learners**

Guided by key teaching and learning principles in the **Nurturing Early Learners (NEL) Framework**

Distinctive Singapore flavour for children to learn in authentic contexts

Two flagship programmes
HI-Light & Starlight Literacy (EL & MTL)
Programme for holistic development

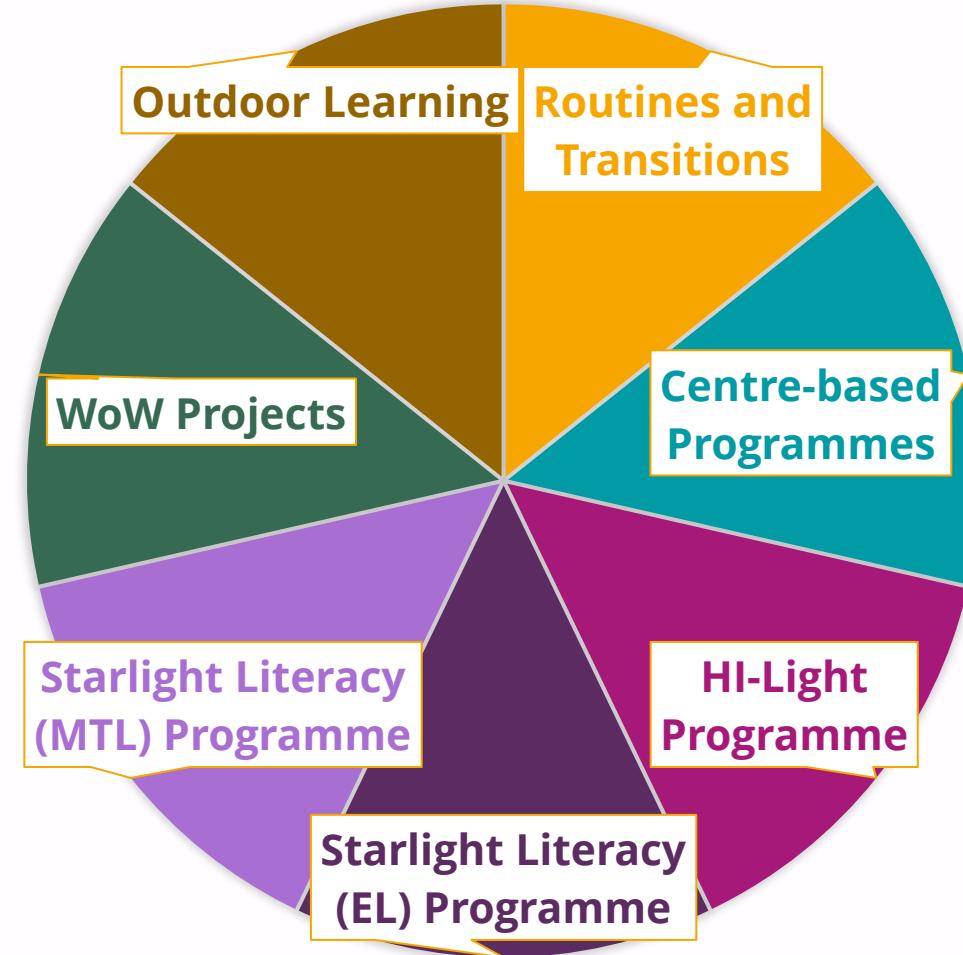

Strong emphasis on learning of **two languages** i.e., English (EL) and Mother Tongue Language (MTL)

MK Curriculum

The two-year MK curriculum is intentionally designed to ensure that our children are ready to move on to primary school and for life-long learning.

Develops **ownership of learning**, joy of self-motivated learning, confidence and positive dispositions towards learning

Ensures continuity in pedagogy
e.g. Use of shared-book approach (SBA) in both Starlight (EL) and Stellar (P1-P3a)

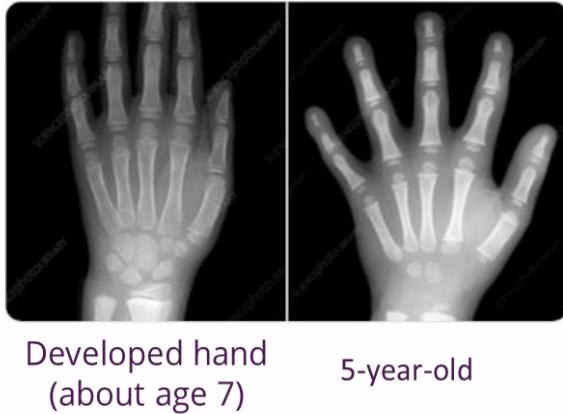

Develops **responsibility, acceptable behaviour, focus and self control**

Centre programmes **reinforce key knowledge, skills and dispositions** covered in flagship programmes & nurture positive learning dispositions

Puts at the forefront **values, social and emotional competencies and learning dispositions** & focuses on **holistic development** to ensure children are ready to move to primary schools, and lay the foundation for lifelong learning

MK Curriculum

At MK, we believe in **developmentally-appropriate teaching and learning practices** while ensuring **readiness for primary school and beyond**.

For example, MK children are given ample opportunities to strengthen their finger muscles, hand-eye coordination and core body strength. They are also given many meaningful opportunities to practise writing and copying. However, hand maturation and dexterity takes time and is dependent on each child's physical development (e.g., whether hand skeletal structure is fully developed to shape letters properly). Hence, it is not expected for all children to be able to perfect their penmanship skills by the end of K2.

When we go according to children's pace and provide them with meaningful contexts to learn and practise, they will have the joy of learning and be better able to draw connections and apply their learning appropriately.

We encourage parents to support your children's learning based on their pace of development!

Hi-Light Programme

Designed to support **holistic development** of children by nurturing in them:

- Values, social and emotional skills, and positive attitudes to learning
- Knowledge and skills across the following five learning areas through an **integrated approach**:
 1. Aesthetics and Creative Expression
 2. Discovery of the World
 3. Health, Safety and Motor Skills Development
 4. Language and Literacy
 5. Numeracy

Starlight Literacy (EL and MTL) Programme

Designed to nurture **early childhood bilingualism** in English and Mother Tongue Language (Chinese, Malay, Tamil)

- Focuses on developing children's interest in language learning, listening, speaking and early reading and writing skills
- Uses Big Books, songs and games set in the local context to make learning fun and meaningful
- Provides opportunities for children to communicate in EL and MTL with confidence and be aware of local tradition and customs
- Encourages families to be involved in activities to enthuse children in language learning

Weeks of Wonder (WoW)

Designed to promote **collaborative, self-motivated learning**

- Each MK term culminates in a WoW project.
- In a year, children complete 2 WoW projects in English and 2 in their Mother Tongue Language.
- Children will work together with their friends to investigate topics that interest them.
- Through the projects, they learn decision-making, collaborative, communication and problem-solving skills.

Transition into MK

Preparing your child for the change is an important step before the first day of school. Here are some tips on how to help your child with the transition.

Talk to your child about going to kindergarten

- Inform your child that he/she is going to kindergarten
- Show him/her pictures/videos of the kindergarten and share that it is a fun place to learn and play
- Use stories to find out about your child's feelings about going to kindergarten and assure him/her if he/she feels scared
- Tell your child that he/she will make new friends
- Allow your child to ask any questions about the kindergarten

Develop consistent routines

- Develop a daily activity schedule including a consistent morning and bedtime routine. This ensures that your child develops a regular sleep pattern and has sufficient rest.

Transition into MK

Punctuality

- Ensure that your child is punctual and regular in attending kindergarten

Preparing your child for school

- Spend some time with your child in the morning to help him/her feel settled for the day
- Pack his/her school bag together

Working with your child's teacher/Centre Head

- Share with the teacher or Centre Head your child's habits (eating, playing, toileting)
- Discuss any concerns/suggestions related to your child or the kindergarten with the teacher or Centre Head
- Do not use the kindergarten or teachers as a threat or means to change your child's behaviour

Bidding your child goodbye

- Bid your child goodbye when you leave the kindergarten and say when you will be back to pick him/her.

During this period of adjustment, it is natural for your child to display signs of anxiety or physical discomfort. Should you observe such signs, you can work with your child's teacher to help support your child. Parents can help to display a positive attitude as **your child also picks up on your anxieties and emotions.**

First Two Days of School

- First day of school is a significant milestone for each child.
- To prepare your child for the transition, there is the “Getting to know you” Programme on the first two days of school.
- The dates are **2nd Jan (Fri) and 5th Jan (Mon)**, **8:00am -10:00am**
- One accompanying adult is allowed to accompany each child.
- From **6th Jan 2026 (Tue)**, the MK will operate within the normal hours of 8.00 a.m. – 12.00 p.m.
